

1 First section

First section root content.

Here I am going to place an itemised list:

- My First Item
- My Second Item
- My Third Item

1.1 First Section First Subsection

First subsection root content.

Algorithm 1 This prints all even numbers from 0 to n in Java

```
 $i \leftarrow 0$   
while  $i \leq n$  do  
  writeln( $i$ )  
   $i \leftarrow i + 2$   
end while
```

1.1.1 First Section First Subsection First Subsubsection

First subsubsection root content.

1.2 First Section Second Subsection

Second subsection root content.

1.2.1 First Section Second Subsection First Subsubsection

First subsubsection root content.

2 Second Section

Second section root content.

Here I am going to place a figure in place.

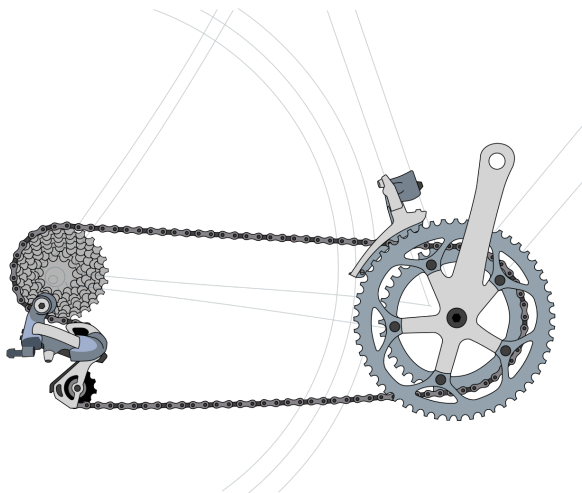

Figure 1: This is the chain of a bicycle

2.1 Second Section First Subsection

First subsection root content.

Here I am going to place an enumerated list:

1. My First Item
2. My Second Item
3. My Third Item

2.1.1 Second Section First Subsection First Subsubsection

First subsubsection root content.

Here I am going to place a figure at the top of the page.

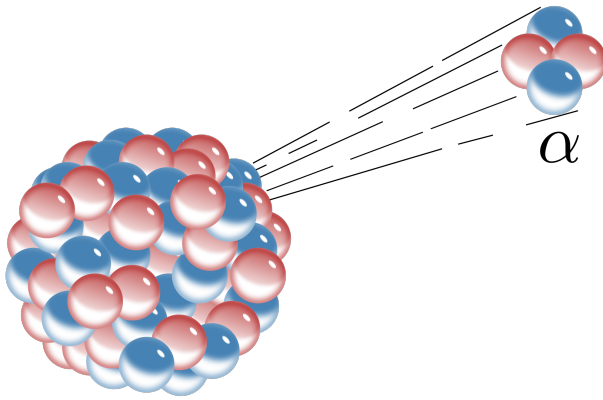

Figure 2: This is a particle

1. My Other First Item

2. My Other Second Item

3.2 Third Section Second Subsection

Second subsection root content.

3.2.1 Third Section Second Subsection First Subsubsection

First subsubsection root content.

Here I am going to place another itemised list:

- My Other First Item
- My Other Second Item

2.2 Second Section Second Subsection

Second subsection root content.

2.2.1 Second Section Second Subsection First Subsubsection

First subsubsection root content.

3 Third Section

Third section root content.

3.1 Third Section First Subsection

First subsection root content.

3.1.1 Third Section First Subsection First Subsubsection

First subsubsection root content.

Here I am going to place an enumerated list:
